

# Genomics@Wayne

## First Annual Research Symposium

October 28, 2016 ~ 8am to 5pm

Genomics@Wayne is pleased to invite you to our inaugural Symposium. Our mission is to foster and accelerate growth of Next Generation Genomics in the state of Michigan by enhancing communication and collaboration of researchers, clinicians and educators within the University and our surrounding community.

### Keynote Speakers:

**Robert Mitra**, Department of Genetics, Washington University School of Medicine; "Recording Transcription Factor Binding During Vertebrate Development"

**Stephen W. Scherer**, Hospital for Sick Children and University of Toronto, "Genomes, autism, and more whole genome sequences"

### Plenary Speakers:

There will be additional oral presentations from invited speakers and selected abstracts. We are particularly encouraging submissions for poster and oral presentation by students and postdocs in any topic related to research in genomics.

Location: Wayne State University ~ IBio Auditorium  
3165 Woodward Ave., Detroit, MI

Free Admission: **Registration Required**  
(limited space available)

### Deadlines:

**Abstract Submission:** September 30, 2016

**Registration:** September 30, 2016

*Posters and attendance are not restricted to WSU faculty and students*

The symposium will include poster sessions, vendor exhibits, and social events

For full program, registration and abstract submission visit: <http://genome.grid.wayne.edu/gw16/>
